**SPECIAL NOTICES.**  
**THE BUFFALO LITHIA WATERS.**  
THIS GREAT POWER AND GENERAL ADAPTATION.  
THE TESTIMONY OF THREE WELL-KNOWN PHYSICIANS OF THE CITY OF BALTIMORE.

EXTRACT FROM LETTER OF DR. C. W. WINKLOW, BALTIMORE, February 21, 1876.  
CONSTIPATION, DIARRHÆA, IRRITATION OF THE BLADDER, &c.

"A gentleman, eighty years of age, had long endured alternate constipation and diarrhœa, the former very obstinate and the latter often profuse and producing great prostration. He also had irritation of the bladder, which required him to urinate frequently, and thus disturbed his rest and sleep."

"For the latter affection I prescribed Buffalo water of Spring No. 2-half a tumbler four times a day. After a week's use of the water his urinary trouble was so much relieved that he had unbroken rest during the night and to my surprise and gratification his bowels gradually became regulated and his diarrhœa ceased. He continued the use of the water only a few weeks, at the end of which time his appetite and strength were greater than he had known for years. After an interval of six months he now writes me in perfect health."

"In several cases I have found this water of marked service in relieving the distress of pregnant women. I frequently resort to it at intervals during the whole course of pregnancy. It acts as a tonic, it seems well adapted to relieve the disturbances usually attendant upon gestation, and I have no doubt its free use might remove uræmic poison and prevent convulsions produced thereby."

LETTER OF DR. HENRY M. WILSON, OF BALTIMORE.  
"251 MADISON AVENUE, BALTIMORE," February 18, 1876.

"Colonel Gould: My experience in the use of the Buffalo Lithia Springs' Water has not been large, but of such a positive character that I do not hesitate to express my preference for it as a diuretic over all other waters I have ever used."

"Respectfully, HENRY M. WILSON, M.D."

EXTRACT FROM LETTER OF DR. G. P. ADAMS, OF BALTIMORE, who spent five weeks of the last season at the Springs.

"AT NO WATERING-PLACE THAT I HAVE EVER VISITED HAVE I SEEN SUCH GENERAL IMPROVEMENT AMONG INVALIDS as at the Buffalo Lithia Springs."

"I report a case of chronic amenorrhœa of long standing, which had resisted the best medical treatment, now rapidly improving from five weeks' use of this water, with every probability of complete recovery."

**BLOODY WORK ON CHIMBORAZO—BATTLE BETWEEN COLORED MEN.**—Sunday afternoon between 3 and 4 o'clock a party of fashionable-dressed colored men from Shockoe Hill, who were out for a stroll, went to the brewery near Chimborazo Hill and got something to drink, and returning homeward passed over the hill. On Broad street between Thirty-first and Thirty-second they encountered a party of rough colored men living in the neighborhood, and from some unexplained cause a battle ensued. Rocks and bricks were freely used. William Thompson, who lives near Chimborazo Hill, was cruelly beaten and cut on the face, probably with the sharp edge of a brick. Lewis Lee, of Shockoe Hill, was knocked down and mangled with bricks and rocks.

One witness said in the examination before the Police Court yesterday morning that he saw Thompson standing over Lee stamping him in the face.

Judge Cunningham, who arrived on the ground Sunday afternoon, and the officers, issued warrants for several. Lee was so badly hurt that he was carried off in a vehicle in an insensible condition. Policemen Gill, Charter, Brooks, and Talman were sent out to quell the riot, and made a number of arrests.

William Thompson, James James, Charles Harris, Junius Johnson, Joseph Smith, and Essey Holtz, were before the Police Court yesterday. With one or two exceptions they told everything that was non-essential in the case, and omitted everything calculated to throw light upon the occurrence. Each side laid the blame on the other.

The examination was continued until Thursday to await the result of Lewis Lee's injuries. All the parties except Thompson were allowed bail at \$1,000, but all were not able to give it.

**THE GENERAL APPROPRIATION BILL.**—The Senate passed the appropriation bill without a clause appropriating \$2,500 to pay the expenses of funding the public debt, and \$1,000 to pay for preparing historical papers, because it turned out that the \$2,500 appropriated to pay the expenses of the funding bill was applied to \$2,500 to pay the expenses of the clerk in the Treasurer's office, who had been as temporary clerk since 1871, and \$720 to pay an interior guard for his office. The Code says that no temporary clerk shall be employed in any of the basement offices. The House inserted the appropriation of \$2,500 for the expense of funding of public debt, and the appropriation of \$1,000 for preparing historical papers. These amendments the Senate disagreed, and there was a committee of conference, which last night agreed to report that the House recede from both amendments, and that in lieu of them should adopt one appropriating \$720 to pay an interior guard, and the Treasurer's office. The report of the conference committee will be made to both houses this morning.

**LEGISLATIVE ITEMS.**—"The pig-law" has been so amended as to permit the jury in their discretion to designate the confinement of those convicted of buying pig or railroad iron in jail or penitentiary. The amendment was passed by a vote of 10 to 8, and shall be requisite to conviction, but provides that possession shall be prima facie evidence of such intent. Colonel Tamm spoke in opposition to the change.

The Speaker of the House has issued his writ directing that a special election be held in Alexandria on Thursday the 25th of May for the purpose of electing a member of the House in place of Mr. W. H. Fowle, resigned.

The Governor has not yet approved the bill which proposes to abolish the compulsory inspection of tobacco—in other words, to repeal the 56th section. A large number of the people of the State are in favor of it. The tobacco bill cannot become a law without the Governor's signature.

The Legislature will adjourn to-morrow. Little or no business can be transacted after to-day.

The bill proposing to give judges of courts power to compel judges of sections to serve on the grand jury, and Mr. Davis, of Petersburg, entered a motion to reconsider; which motion is now pending.

A WONDERFUL LEAP.—As the steamer Eliza Hancock, of the James River Line, of which Mr. L. B. Tatum is agent, commanded by Captain Gifford, was approaching the city yesterday evening the passengers and crew on board witnessed a wonderful feat made by a horse. The horse in question, owned by Major Drewry, of Westover, had been brought on board and tied with the bridle rein near the engine-room, and a kind of gate, about three and one-quarter feet in height, placed in front of him to keep him in place and prevent the breaking of the bridle. This confined him within a small triangle having an hypotenuse of thirteen feet, a base of eight and a half, and the perpendicular of ten feet. The deck was only about ten feet; so that to get out of his confinement he must jump through the wall, gallop over the top of the gate and then sailing only six feet and three quarters. He soon became very restive, and to the astonishment of the spectators, leaped over the gate from where he stood without breaking the bridle or knocking down the gate.

WRO was in the Senate yesterday morning, during the discussion of a bill to impose an additional tax on retail liquor. Mr. Cochran stated that he had been told by the Commonwealth's attorney of Richmond that one bar or restaurant-keeper had said that his receipts on the day of the unravelling of the Stowell Jackson statue were \$1,200.

**CHURCH NOTES.**

**ALLEN HYMNS AT THE MONUMENTAL.**—ADDITIONS AND BAPTISMS AT THE BAPTIST CHURCHES—TWO SERMONS FROM BISHOP MARVIN—THE REVIVALS, ETC.

The religious services on Sunday were attended with the usual interest, and at all of the churches there were large congregations morning, afternoon, and at night.

**EPISCOPAL.**  
The usual services were held in the Episcopal and Catholic churches. At the Monumental the pastor preached. The special musical feature at this church in the morning was the offertory, sung by Mr. S. G. Young, of Washington, accompanied by Mr. Wheat upon the organ. It was a sacred song for the Lenten season, called "Calvary."

At St. John's church at night Rev. Mr. Weddell preached a Lenten sermon of unusual force, and the choir sang some of their sweetest music. The congregation was made up in a great degree of young persons, and much interest was manifested in the services.

**BAPTIST.**  
The pastor of the First church (Rev. Dr. E. W. Warren) preached morning and night to large and interested congregations. In the afternoon there was a large meeting of the church and a conference of deep interest, which seemed to betoken the most cordial cooperation between the new pastor and his people. The pastor baptized one person at night.

At Pine-Street church the pastor received one in the morning and baptized two at night.

At the Second church the pastor received five into the full fellowship of the church after the communion.

At Venable-Street church one person was received into the fellowship of the church on communion.

At Fulton Baptist church the pastor baptized one person at night in the presence of a large congregation.

**SEVENTH-STREET CHRISTIAN.**  
Two persons were received by letter at the Seventh-Street Christian church on Sunday.

**MISSIONARY MEETING.**  
The Missionary Society of Fulton Baptist church held its regular monthly meeting Sunday afternoon—President R. H. Godsey in the chair; secretary, W. R. Butler. Reports of various committees were received and properly discussed. An interesting and valuable sermon was delivered by Rev. Mr. Crews and J. W. Turner, of Fulton church.

It was resolved that they would hold a mass-meeting on the fifth Sunday afternoon in April, at 8 o'clock, in the interest of the Foreign Mission Board. Rev. A. E. Dickinson is expected to deliver an address on that occasion.

**METHODIST.**  
The religious services at Centenary church on Sunday were of more than ordinary interest. In the morning the Rev. Dr. Irvine, pastor of the Presbyterian church in Augusta, Ga., preached a sermon of rare ability and instructiveness on the saving power and priesthood of Jesus Christ. His text was taken from Hebrews, vii, 24, "Whofore he is able to save to the uttermost that come unto God by Him, seeing He ever liveth to make intercession for them." Dr. Irvine's style is elevated and strong, his manner earnest and impressive, and at times he rises to a high style of pulpit oratory. His sermon on Sunday morning will not soon be forgotten by the congregation. The afternoon service was held at the church fellowship—four on profession and one by certificate—two of whom received baptism—making forty members received during the present month.

At night Bishop Marvin, of St. Louis, preached a sermon of extraordinary power, pathos, and effectiveness, on the words taken from I. Corinthians, xii, 22: "If any man love not the Lord Jesus Christ, let him be anathema maranatha." The argument was clear, forcible, and convincing; the illustrations natural, apt, and impressive; the style simple, direct, and powerful. The sermon was spontaneous and tender as tender could be. The church was crowded to its utmost capacity. In addition to the usual accommodations two hundred chairs were brought up from the lecture-room and placed in the aisles and around the chancel. Every available space was occupied, and still many left the church for want of seats. The effect of the sermon was deep and powerful. At the close of the services the whole congregation joined in singing "Nearer, my God, to Thee."

The Bishop's sermon will be remembered for many a day by those who heard it. Rev. Dr. H. Reed, pastor of Grace-Street Presbyterian church, was in the pulpit, and closed with prayer.

Rev. F. A. Peterson, the pastor of Clay-Street church, occupied the pulpit at both the morning and evening service—preaching in the morning from Matthew, xxii, 14, and at night from Col. iii, 12, 13. It is a great honor to the church that the Rev. Dr. Peterson has been during the past two weeks about fifty persons have professed conversion. At the morning service Sunday there were four, at the afternoon prayer-meeting two, and at night three conversions. Service will be held nightly during the present week. The church is now in the midst of a revival. Rev. James A. Duncan, D. D., will preach morning and night.

At Broad-Street church, in the morning, Bishop E. M. Marvin preached to a crowded congregation on the Trial and Triumph of Faith—Matthew, xxi, 32. It is a great pleasure to the church that the Rev. Dr. Marvin has been during the past two weeks about fifty persons have professed conversion.
